RE: Approval of Acreage  
Expansion Request  
White River Shale Oil Corporation  
White River Shale Project  
ACT/047/017  
Uintah County, Utah

Dear Mr. Godlove:

As you recall, tentative approval of White River Shale Oil Corporation's (WRSOC) November 19, 1982 request for a Mining and Reclamation Plan (MRP) revision was granted on January 4, 1983. The Division is pleased to inform you that the required public comment period has passed with the Division having received no adverse comment.

Therefore, the Division of Oil, Gas and Mining hereby issues final approval for the above-referenced MRP revision, upon receipt of the \$2.9 million bond for this expansion.

This approval will be in full force upon WRSOC's written acceptance of the two conditions attached to the January 4, 1983 letter (Condition #1 was clarified in the subsequent January 10, 1983 letter).

Should you have any questions, please don't hesitate to call me or Tom Portle of my staff.

Sincerely,

JAMES W. SMITH, JR.
